	Transparent			

Euro PP 3410 HM printable is a directly printable packaging tape. Its specially treated backing is designed to allow direct printings without primer and release.

Euro PP 3410 HM printable is new version of PP 34. A new release is granting a better printability of the product and the possibility to use standard polyamidic inks.

Following are the most required dimensions: 75mm - 100mm - 150mm long rolls with 660m 1000m length.

Application: directly printable packaging tape.
